

Fertilizer Dispensing Systems & Fertilizer

Features

- All units equipped with shutoff valves for ease of refill
- All units include pressure relief valve that releases and resets when water pressure in the tank exceeds 150 pounds per square inch.
- Eco-Friendly—applying minute dosages of fertilizers allows plants to use it before it runs off!

cbv-100

Product	Description	Pkg	Each
<b>Fertilizer Units</b>			
ez001-cx	1.5 gallon main line dispensing system	1	
ez003-cx	2.5 gallon main line dispensing system	1	
ez010-fx	9.4 gallon main line dispensing system	1	
ez010hc	system	1	
ex020hc	system	1	
ez030hc	system	1	
<b>Accessories</b>			
c-100	Schedule 40 coupling socket	1	
cbv-100	1" Schedule 40 coupling with ball valve	1	
<b>Fertilizers</b>			
25-15-10	5# Spring formula	1	
25-15-10	25# Spring formula	1
